

2018 Current Fiscal Year Report: National Institute of Allergy and Infectious Diseases Special Emphasis Panel

Report Run Date: 06/05/2019 11:32:25 AM

1. Department or Agency

Department of Health and Human Services

2. Fiscal Year

2018

3. Committee or Subcommittee

National Institute of Allergy and Infectious Diseases Special Emphasis Panel

3b. GSA

Committee No.

1961

4. Is this New During Fiscal Year?

No

5. Current Charter

09/30/1994

6. Expected Renewal Date

7. Expected Term Date

8a. Was Terminated During Fiscal Year?

No

8b. Specific Termination Authority

8c. Actual Term Date

9. Agency Recommendation for Next Fiscal Year

Continue

10a. Legislation Req to Terminate?

Not Applicable

10b. Legislation Pending?

Not Applicable

11. Establishment Authority Authorized by Law

12. Specific Establishment Authority

42 USC 282(b)(16)

13. Effective Date

11/20/1985

14. Committee Type

Continuing

14c. Presidential?

No

15. Description of Committee Special Emphasis Panel

16a. Total Number of Reports

No Reports for this Fiscal Year

17a. Open 0 17b. Closed 117 17c. Partially Closed 0 Other Activities 0 17d. Total 117

Number of Committee Meetings Listed: 117

	Current FY	Next FY
18a(1). Personnel Pmts to Non-Federal Members	\$376,000.00	\$376,000.00
18a(2). Personnel Pmts to Federal Members	\$0.00	\$0.00
18a(3). Personnel Pmts to Federal Staff	\$5,758,933.00	\$5,867,701.00
18a(4). Personnel Pmts to Non-Member Consultants	\$0.00	\$0.00
18b(1). Travel and Per Diem to Non-Federal Members	\$334,521.00	\$336,129.00
18b(2). Travel and Per Diem to Federal Members	\$0.00	\$0.00
18b(3). Travel and Per Diem to Federal Staff	\$0.00	\$0.00
18b(4). Travel and Per Diem to Non-member Consultants	\$0.00	\$0.00

18c. Other(rents,user charges, graphics, printing, mail, etc.)	\$66,402.00	\$67,066.00
18d. Total	\$6,535,856.00	\$6,646,896.00
19. Federal Staff Support Years (FTE)	33.50	33.50

20a. How does the Committee accomplish its purpose?

This committee is composed entirely of recognized biomedical and/or behavioral research authorities who represent the forefront of research and technical knowledge and who provide first-level merit review of highly scientific and technical research grant applications and contract proposals in the fields of immunology, immunobiology, immunologic and allergic diseases, transplantation, microbiology and infectious diseases, mycology, virology, epidemiology, drug development and synthesis, therapeutics research, tropical diseases, sexually transmitted diseases, vaccinology, AIDS and AIDS-related research. Operation of this committee is accomplished using a fluid membership, with members designated to serve for individual meetings rather than formally appointed for fixed terms of service. The reviewers for each meeting are selected to evaluate grant applications and/or contract proposals for a specific, perhaps narrow, expertise area. Participants for each meeting are assembled to most efficiently and effectively cover the number and breadth of applications or contracts requiring review. During this reporting period the committee reviewed 1037 grant and cooperative agreement applications requesting \$2,057,161,512 in direct costs. In addition the committee reviewed 203 contract proposals requesting total direct costs of \$801,275,053 for all years.

20b. How does the Committee balance its membership?

This committee has a fluid membership, with members designated to serve for individual meetings rather than formally appointed for fixed terms of service. The reviewers for each meeting are selected to evaluate grant applications or contract proposals for a specific, perhaps narrow, expertise area. Participants for each meeting are assembled to most efficiently and effectively cover the number and breadth of applications or contracts requiring review.

20c. How frequent and relevant are the Committee Meetings?

The NIAID Special Emphasis Panel held 117 meetings during this period. The flexibility in review allowed by this committee structure has proved both efficient and effective.

20d. Why can't the advice or information this committee provides be obtained elsewhere?

This committee is composed entirely of recognized biomedical and/or behavioral research authorities who represent the forefront of research and technical knowledge and who

provide first-level merit review of highly scientific and technical research grant applications and contract proposals. These evaluations and recommendations cannot be obtained from other sources because the specialized, complex nature of the applications and proposals requires a unique balance and breadth of expertise not available on the NIH staff or from other established sources.

20e. Why is it necessary to close and/or partially closed committee meetings?

The meetings of the NIAID Special Emphasis Panel were closed to the public for the review of grant applications and/or contract proposals. Sections 552b(c)(4) and 552(c)(6) of the Government in the Sunshine Act permits the closing of meetings where discussion could reveal confidential trade secrets or commercial property such as patentable material and personal information, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

21. Remarks

Reports: This committee did not produce any public reports during the fiscal year. URL: The committee does not maintain a website. The DFO and the Decision Maker are the same person, the Director, SRP, NIAID based on the assignment of duties within this Institute. Due to the large number of members associated with this committee, NIH staff are unable to provide individual zip codes for all members. Current individual meeting rosters, including zip codes are available on line at <https://public.era.nih.gov/pubroster/>.

Designated Federal Officer

HORTENCIA M. HORNBEAK DIRECTOR, SCIENTIFIC REVIEW PROGRAM

Number of Committee Members Listed: 1120

Narrative Description

The National Institute of Allergy and Infectious Diseases Special Emphasis Panel (Panel) reviews grant and cooperative agreement applications and contract proposals for research projects and for research and training activities in the broad areas of allergic and immunologic diseases and disorders, transplantation, vaccinology, microbiology and infectious diseases, including tropical diseases, AIDS and AIDS-related research.

What are the most significant program outcomes associated with this committee?

Checked if Applies

Improvements to health or safety	<input checked="" type="checkbox"/>
Trust in government	<input type="checkbox"/>
Major policy changes	<input type="checkbox"/>
Advance in scientific research	<input checked="" type="checkbox"/>
Effective grant making	<input checked="" type="checkbox"/>

- Improved service delivery ☐
- Increased customer satisfaction ☐
- Implementation of laws or regulatory requirements ☐
- Other ☐

Outcome Comments

NA

What are the cost savings associated with this committee?

Checked if Applies

- None ☐
- Unable to Determine ☒
- Under \$100,000 ☐
- \$100,000 - \$500,000 ☐
- \$500,001 - \$1,000,000 ☐
- \$1,000,001 - \$5,000,000 ☐
- \$5,000,001 - \$10,000,000 ☐
- Over \$10,000,000 ☐
- Cost Savings Other ☐

Cost Savings Comments

NIH supported basic and clinical accomplishments often take many years to unfold into new diagnostic tests and new ways to treat and prevent diseases

What is the approximate Number of recommendations produced by this committee for the life of the committee?

16,386

Number of Recommendations Comments

Grant and contract proposals.

What is the approximate Percentage of these recommendations that have been or will be Fully implemented by the agency?

0%

% of Recommendations Fully Implemented Comments

NIH Peer Review Committees are involved in the initial review of research grant applications. The NIH dual peer review system is mandated by statute in accordance with section 492 of the Public Health Service Act. The charge to this committee is to determine

scientific and technical merit of the individual grants or contracts. These recommendations are forwarded to Federal officials who generally accept the committee's recommendations and favorable applications are then forwarded for the second level of review performed by Institute and Center (IC) National Advisory Councils or Boards. Only applications that are favorably recommended by both the initial peer review committee and the Advisory Council may be recommended for funding.

What is the approximate Percentage of these recommendations that have been or will be Partially implemented by the agency?

0%

% of Recommendations Partially Implemented Comments

NIH Peer Review Committees are involved in the initial review of research grant applications. The NIH dual peer review system is mandated by statute in accordance with section 492 of the Public Health Service Act. The charge to this committee is to determine scientific and technical merit of the individual grants or contracts. These recommendations are forwarded to Federal officials who generally accept the committee's recommendations and favorable applications are then forwarded for the second level of review performed by Institute and Center (IC) National Advisory Councils or Boards. Only applications that are favorably recommended by both the initial peer review committee and the Advisory Council may be recommended for funding.

Does the agency provide the committee with feedback regarding actions taken to implement recommendations or advice offered?

Yes ☒ No ☐ Not Applicable ☐

Agency Feedback Comments

The agency provides written and oral reports.

What other actions has the agency taken as a result of the committee's advice or recommendation?

Checked if Applies

Reorganized Priorities	<input type="checkbox"/>
Reallocated resources	<input type="checkbox"/>
Issued new regulation	<input type="checkbox"/>
Proposed legislation	<input type="checkbox"/>
Approved grants or other payments	<input checked="" type="checkbox"/>
Other	<input type="checkbox"/>

Action Comments

An action of “approved” or “recommended” for grants receiving initial peer review by this committee does not infer that the grant will be or has been funded. Research grant applications submitted to NIH must go through a two-step review process that includes the initial peer review for scientific and technical merit and a second step of review and approval by a National Advisory Council for program relevance. In addition, prior to an award or funding being made, NIH staff must conduct an administrative review for a number of other considerations. These include alignment with NIH’s funding principles, review of the project budget, assessment of the applicant’s management systems, determination of applicant eligibility, and compliance with public policy requirements. After all these steps have been completed, NIH officials make funding decisions on individual grant applications.

Is the Committee engaged in the review of applications for grants?

Yes

What is the estimated Number of grants reviewed for approval 1,037

What is the estimated Number of grants recommended for approval 1,037

What is the estimated Dollar Value of grants recommended for approval \$2,057,161,512

Grant Review Comments

NA
